## Cultural Activities

Cultural Programs is one of the attractions in Shri Shraddhanath Teacher Education College. Culture could be based on shared ethnicity, gender, customs, values, or even objects. Culture is our way of life. It includes our values, beliefs, customs, languages, and traditions... Our culture measures our quality of life, our vitality and the health of our society. Through our culture, we develop a sense of belonging, personal and cognitive growth and the ability to empathize and relate to each other. Our department and students give more priority and importance to improve these values and customs. These characteristics are that all cultures share are learned, shared, symbolic, integrated, and dynamic. Cultural inheritance is very important to transfer it. It refers to the storage and transmission of information by communication, imitation, teaching, and learning. It is transmitted by the brain rather than by genes. However, it does have a genetic basis; the genes involved determining the structure of the brain.

## Sport Activities

Sport is an essential part of the all-round development at SSN Teacher Education College India. It provides the opportunity for engagement, responsibility, enjoyment and a sense of pride in achievement, regardless of scale or magnitude and a sense of team spirit. The love of sport developed at school offers life-long benefits, often leading to a happier, healthier and more productive future. At SSN Teacher Education College of India, we offer a range of individual and team games with opportunities to compete both within and against other schools. We give students many opportunities to represent the school starting young, in order to build their love of sport from an early age.
